INTRODUCTION

In accordance with your Coimisiún na Meán funding agreement, you are required to submit a complete package that includes the audio-visual files, technical files, and all supporting materials.

Please be aware that the Irish Film Archive only accepts full packages. Incomplete submissions will be rejected.

If different parties are submitting your AV files and supporting materials, please ensure they are submitted within three days of each other to complete your package.

We urge you to review this document thoroughly to ensure your submission is complete and complies with all requirements.

DELIVERY METHODS

There are two ways to deliver your package: physically on a hard drive or digitally via our online portal. Whenever possible, we encourage using the online portal, as this method allows for quicker processing and approval.

Physical Delivery

- ✓ Audio-visual material must be submitted on hard drives or flash drives.
- ✓ Hard drives should be NTFS-formatted, unencrypted, and have USB-3 connectivity.
- ✓ Supporting materials should be provided in a single folder without subfolders.
- ✗ DCPs on CRU drives will not be accepted.
- ✗ LTO tapes will not be accepted.
- ✗ Carriers will NOT be returned. All delivery costs, including those of the carrier, must be covered by the depositor.

*Address for Physical Delivery:
Digital Deliveries, IFI Irish Film Archive,*

6 Eustace Street, Dublin 2.

Digital Delivery

In your delivery announcement email (see “BEFORE YOU DELIVER” below), indicate your intention to submit digitally and provide the email address of the uploader. This email will receive a link to our portal where the materials can be uploaded.

Supporting materials must be in a single folder with no subfolders.

⚠ If your materials exceed 1TB and cannot be delivered in smaller batches, physical delivery is required.

BEFORE YOU DELIVER

- ✓ Your submission **MUST** include both the audio-visual content and the supporting materials.
- ✗ Incomplete submissions will NOT be processed. Please ensure all materials are prepared BEFORE contacting the archive for submission.

Announcement Email

All deliveries must be announced to the Archive in advance by emailing digitaldeliveries@irishfilm.ie.

Please include the following information in your email:

1. The official title of the production.
2. The expected date and method of delivery (physical or digital).
3. The name of your funding body (Coimisiún na Meán) and the year of funding.
4. A list of the materials you are submitting (see mandatory materials below).
5. The name of the production company and the main contact person's details.
6. For series, include the number of episodes.

If your production is funded by more than one organisation (e.g., Coimisiún na Meán and Screen Ireland) you **MUST** submit separate packages for EACH funding body. For example, a project funded by both Coimisiún na Meán and Screen Ireland will require **TWO SEPERATE** submissions. For requirements for other funding bodies, please see:

AFTER YOU DELIVER

Confirmation of Delivery

Please note that it may take up to **SEVEN** working days for your materials to undergo the necessary preliminary checks (Pre-QC) before Coimisiún na Meán can approve the AS11 package deliverables.

You will receive an email from the Archive confirming receipt of your package. Until you receive this email, your materials will not be considered delivered.

Once confirmation of receipt has been received, please update the AS11 and digital documentation deliverables on your contract record via www.cnamonline.ie, confirming that the material has been transferred to the IFI Archive. You can then submit each deliverable through www.cnamonline.ie.

Quality Control

The Archive will take up to **EIGHT** weeks from the confirmation email to either approve or reject your submission. During this time, the materials will undergo quality control (QC) to verify they meet the technical specifications outlined below and comply with the content requirements in your funding agreement.

Approval

Once your package is approved, you will be notified via email. The Archive will also inform Coimisiún na Meán, confirming that the materials have been delivered to the IFI Irish Film Archive for preservation.

Rejection

Your submission may be rejected for one or more of the following reasons:

1. Missing mandatory materials.
2. Submission contains unauthorized additional materials.
3. Non-compliant audio-visual materials (refer to technical specs below).
4. Technical errors detected during QC.

If rejected, you will receive an email explaining the reason(s) for rejection. You will be asked to provide replacement materials, and the six-week QC process will restart upon receipt of the updated package
