TESTIMONIALS

“A belated thanks for all your help on the recent Queens Of The Stone Age movie showing (on behalf of Matador Records) at the IFI. It all went so smoothly and everyone including a management rep of theirs from the US were super happy with the quality and organisation of the screening. He loved the cinema.”

- Gilded - Artists :: Labels :: Music

“The IFI made every step of the event process incredibly smooth. From the early planning stages through to the execution of the event they were incredibly professional, knowledgeable, and helpful. I would highly recommend their services for anyone looking to hold a screening, premiere, or any film event in Dublin.”

- Dr. Ciaran Kissane, Irish Film Classification Office (IFCO)

“Working with the Irish Film Institute has been an absolute pleasure. Together, we’ve brought Ukrainian films and documentaries to the Irish screen, and each event has been a true celebration of culture, storytelling, and solidarity. We’re deeply grateful to the IFI team for their genuine support and commitment to sharing Ukrainian voices with Irish audiences.”
